Dear Planners,

I would like to apply for a variation to condition 4 for usage at my factory For the last 8 years Ricardo UK ltd, 100 yards West of our factory, have been 80% of our business. We specialize in the type of work i.e. welding and fabricating that's unique to Ricardo on the military vehicle side of their business. I have been approached by Paul Tarry and John Lake, Ricardo management as to welding on some of the fabricated products we manufacture for them onto their vehicles in our factory. This would be a great opportunity to grow our business and employment in the area during this credit crisis. Any questions you may have John Lake and myself would be happy to answer them.

Yours faithfully
