Reasons for comment: - Privacy Light and Noise

Comments: Planning application 69 Overhill
AWDM/0988/18 Version J

With regard to the velux style roof windows placed on the North roof elevation
PRIVACY

The proposal shows a central window directly opposite our existing window (which is a shower room and thus privacy is vital) , therefore we would ask if the placement could be moved either to the right or left so that it will be offset from our existing window to ensure some privacy for all.

In addition, as the window closest to the proposed built up rear end gable is for a bathroom we feel it is essential that the glazing is frosted, as we again have concerns over privacy, because our own existing roof windows (which have been in situ for more than 10 years) look out across the driveway and we do not want to be in a situation where it could be said that we are looking in upon peoples in the bathroom.

Mr and Mrs Woodford
