21 November 2007

Dear Sir

Proposed detached games/study room @ 56 Old Fort Road,
Shoreham-by-Sea.

Please find enclosed the relevant plans, forms and fee requesting planning permission for the above proposed development. Indicated on the submitted plans are the out lines of the two previous applications on this site, application ADC/0169/07 was refused in May 2007 whist planning application ADC/0325/07 was sequence conditionally approved in July 2007.The application the subject of this letter increases the length of the proposed building by 4meters however it matinees the required distance of 9meters from Old Fort Road as conditioned in the approval of application ADC/0325/07.

As previously discussed on the phone the new proposal is to replace the approved scheme and is of a design that will complement the existing house and its setting. The materials to be used in the construction of the proposed building are to match that of the existing house and the pitch of the proposed roof will allow the same slate roof covering to be use as installed on the existing house.

As the majority of the increase in the length of the proposed building will bring the structure closer to the existing house the proposal should not materially affect the street scene or the amenities of the property to the East. Also the proposed new roof height of 3meters, being only 0.5meters higher then

the approved ridge height of application ADC/0325/07, again should not detract from the area in general.

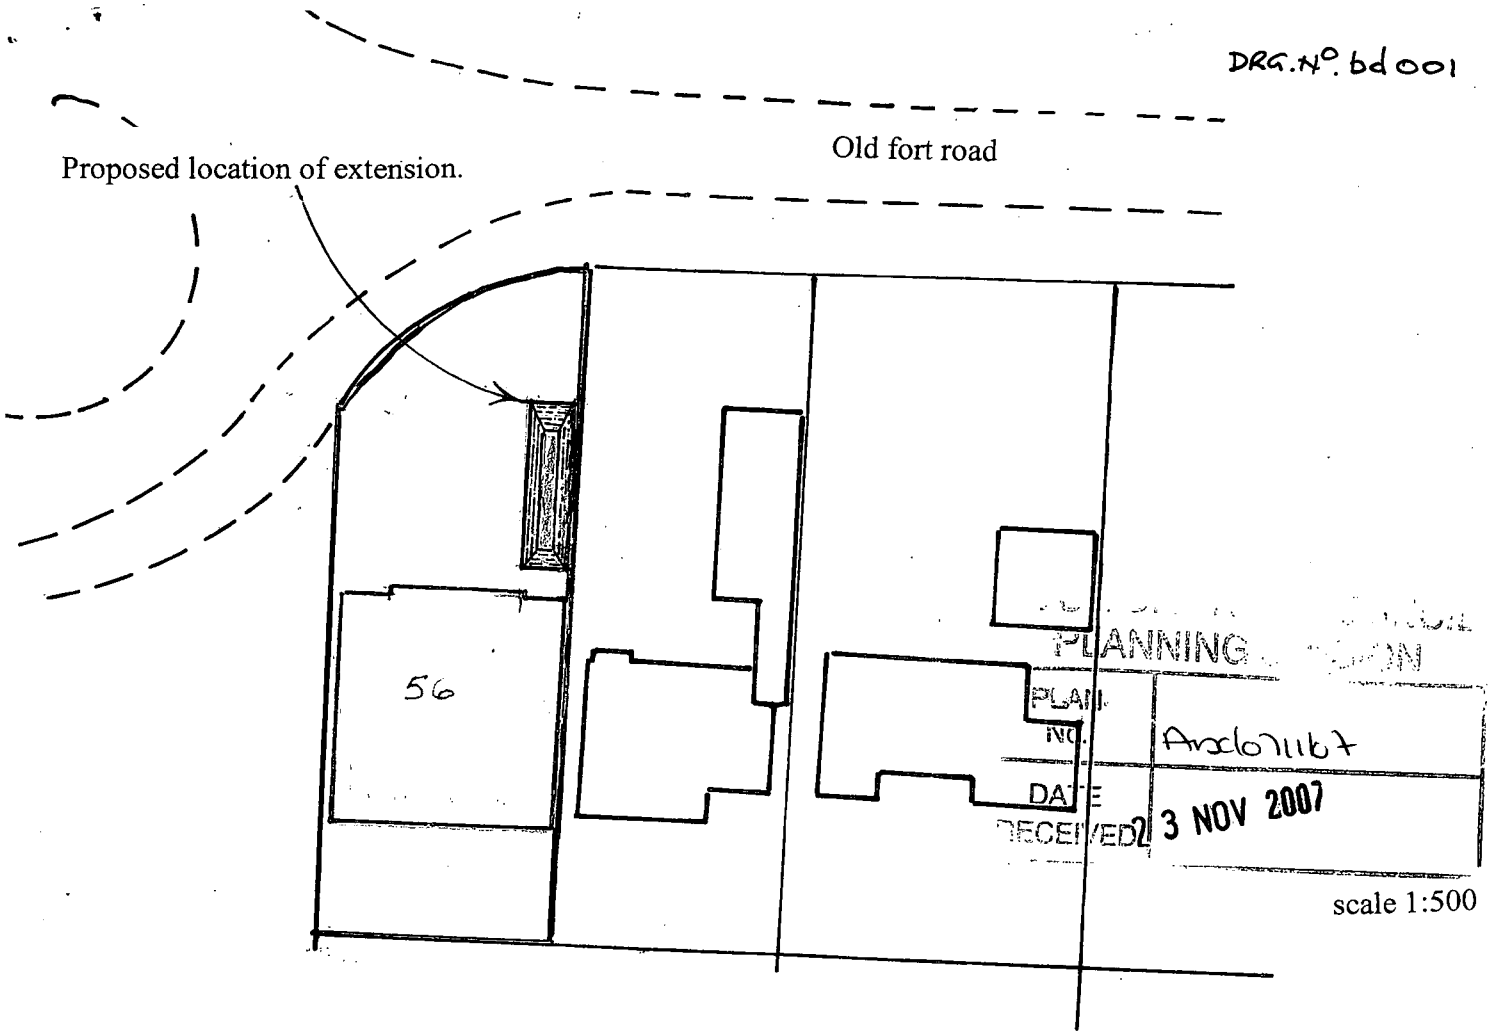

I trust the new proposal is acceptable to your department however should you require any further information or clarification regarding the new building please do not hesitate to contact me on 01903 763489 or my email address alan.luke@btinternet.com

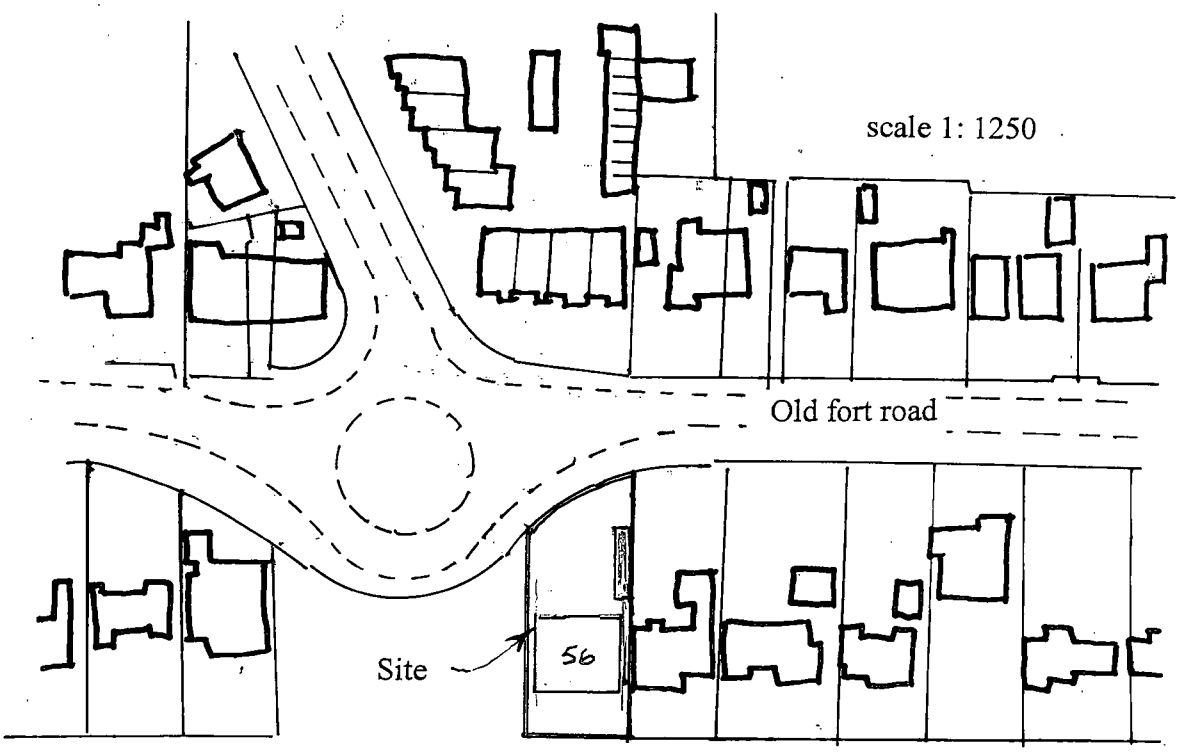

Yours Faithfully

Alan Luke
