Propsed extension to Tosca Restaurant, Shoreham: Planning Ref. AWDM/0054/19

1 message

Michael Charles [redacted] 15 March 2019 at 15:45
To: planning@adur-worthing.gov.uk

Dear Sirs,

Further to my previous communication in this regard, that of 8th February, 2019, I feel I need only point out that nothing in the amended plans now submitted either addresses or, still less, redresses the facts that:

1. the works that have already been constructed by the Applicant are other than in accordance with the permissions granted under AWDM/1459/14, and that:

2. the additional works now projected still remain both substantially higher and appreciably more closely adjacent to the building housing Town Quay Apartments than was either represented personally by the Applicant to the residents or previously either applied for or sanctioned.

I therefore submit that the granting of the application would constitute yet another instance of the insidious circumvention of planning discipline and civic authority by a presumptuous *fait accompli*, would endorse the primacy of a narrow, new-found commercial interest over shared and long-established social and domestic amenity, and would gravely impact and impair the peaceable enjoyment of our homes by the residents of Town Quay Apartments.

Respectfully but firmly, therefore, I maintain and renew my objection to this application.

Yours truly,

Michael Charles

M.W.S. Charles (Mr.)

Flat 1, Town Quay Apartments

Town Quay

Shoreham-by-Sea

West Sussex BN43 5DS
