To: Finlay Gardner <finlay.gardner@adur-worthing.gov.uk>

Hi Finlay

Please find response from our client

The function of the office will be to only take phone calls.

We have not decided on the number of taxis that will be working with us at the moment as we would have to start trading for drivers to join us. Drivers will not be parking near the office nor will they be able to access the office unless they have pre-arranged an appointment. They will need to stay and park wherever it is safe and legal to do so until they are assigned a job.

The taxis will be collecting customers from where they call or request from. We will not have access for the public to come or wait at our office.

This will only be a booking office/ call centre. It will not be a base for customers.

Kind Regards,

Donna Wright
General Manager
