Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Loss of General Amenity

Comments: I am the Property Director of Pets Corner who occupy the property immediately adjoining the gable wall where the proposed sign will be sited.
We have in email correspondence with the applicant already objected to the proposal as it will dominate our property due to its size and prominence. It will result in a very cluttered looking street scene and cause confusion to customers. Additionally some customers may believe that our car park is available for the business that is advertised on the adjoining gable wall.
We would not object to a much smaller sign, located higher on the building but believe the current proposal is out of keeping with the area and is out of proportion with the property it is on.
