ARCHAEOLOGICAL ADVICE

RE: Centenary House, Durrington Lane, Worthing

The application is for the Approval of Details Reserved by Condition 08 (Archaeology) of approved application AWDM/0945/23.

No historic environment objections	
No objections subject to attached conditions	
Further information required	
Recommend partial discharge condition	**X**

The submitted Written Scheme of Investigation suitably outlines the methodology and archiving requirements of the required scheme of archaeological monitoring and recording. The appointment of Wessex Archaeology to the project as the archaeological contractor is also acceptable.

Accordingly, I am happy to recommend the partial discharge of Condition 08, to allow the development, and the archaeological monitoring, to commence.

The remainder of Condition 08 should not be discharged until the submission and approval of a report detailing the results of the archaeological investigation.
