Comments:	My mother Kitty Edwards lives at 7 Beaulieu Court. She received your letter dated 13th of June regarding the erection of the Ferris Wheel. I am currently caring for my mother in her home more than 35 hours per week therefore I know the negative impact this wheel will have. My mother's view and privacy will be completely obstructed . The view was obstructed with the previous wheel and

this one is stated to be 11 metres higher. Considering my mother is receiving palliative care in her home this would cause significant distress due to the diminished view, noise pollution day and night, light pollution and lack of privacy.

Kind regards
