Quote specification and costing:

Job description (recommended by the Ground Control group for Health & Safety)

1. Our Arb team using a chainsaws, chippers, hedge cutters pole saws and various hand-tools will attend site and carry out the following scope of works.
2.
3. T2- overhanging branches in the car park spaces side of main building, Team will crown lift trees from 2.4m from ground level to 4m from ground level and trim back any vegetation.

Additional details:

- All work areas will require cordening off to create a safe working zone prior to works commencing
- If trees are subject to a Tree Preservation Order (TPO) or are situated within a Conservation Area, consent will be required from the Local Planning Authority before works can commence. We would make any TPO applications on your behalf as part of the works. Works to neighbouring trees will require the owner's written permission in advance before works can begin
- For all tree works these will be carried out by our NPTC trained arboriculture certified team using, MEWP, chainsaws, chippers and various hand tools where applicable, as per the areas identified within the site plan overleaf
- With any tree or shrub works, the Ground Control group must ensure that no nesting birds are disturbed under the Wildlife and Countryside Act 1981, Countryside and Rights of Way Act 2000 and the European Habitats Directive 1992/Nesting Birds Directive. The 'Bird Nesting Season' is from March until August inclusive. If any works are requested to be carried out within these months we will perform bird nesting checks prior to the work commencing. If active nests are found, the tree/shrubs must not be worked on and we will inform you of this immediately

Importance of works:

As discussed on my visit with name, this work is recommended to improvement the site aesthetics and visual appearance for your clients.

Our commitment:

The Ground Control group, founded in 1973, is an award-winning commercial grounds maintenance contractor that also provides a number of other services including landscape construction, arboriculture, winter maintenance,

pothole repairs, fencing, electric vehicle charge point installations and treatment of invasive weeds, as well as designing a wide range of incredible outside spaces including the newly unveiled Children's Garden at Kew Gardens in 2019.

We have used our significant heritage to our advantage, along with our complete commitment to providing outstanding customer service to deliver bespoke solutions to a huge range of clients within your very sector. Our proven track record is reflected in our 99% annual retention rate with some of our biggest clients including Tesco, Sainsbury's, Savills, Peel and CBRE.

Our commitment to you, as with all the Ground Control group works, is that we guarantee that these will be completed by fully trained and qualified operatives at all times and any waste will be disposed of at a licensed facility unless otherwise specified within our quotations.
