Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Other
- Privacy Light and Noise

Comments: Further to my email dated 31/03/14, I have viewed the amended plans and the only change, as far as I can see, is a new extractor unit. I believe that an extractor fan is used to minimise cooking odours 'inside' which means that residents in Marine Court and other houses in the area will still be subjected to cooking smells. We all like to have our windows open in the warm weather but this may be restricted if planning permission is granted. I strongly object to this project going ahead and trust that the Council will take into account the disruption this will cause to all of us living in close proximity to the Longshore.
