Adur District Council Planning ref. AWDM/1497/17 and AWDM 0182/22.

Dear Sir/Madam,
I am writing to object to the removal of public access to Humphreys' Gap public hard.
The extension of housing plans is unreasonable in this area. Shoreham is a port that needs access to the river for transport, business and leisure.

The health care in the area is so badly stretched people are dying from lack of treatment.

There are insufficient school placements nearby for the existing population.

Yours sincerely,
Teresa Martin
