Description of the proposed development including any non-residential development

Current legislative restrictions on applications for permission in principle mean that proposals must:

- Include at least 1, and no more than 9 dwellings
- Create less than 1,000 square metres of floorspace
- Be on a site of less than 1 hectare

There are further restrictions on development defined as 'householder', 'habitat' (relating to protected sites), and 'Schedule 1/Schedule 2' (relating to environmental impact assessment).

Proposals not meeting these rules will be refused and you may not be eligible for a refund.
