Dear Hannah,

We hereby put in writing confirmation that we are aware of the planning application that Mr and Mrs Richardson recently submitted to you and are happy with the intended height of their patio.

We reside at, and own, 3 Hawkins Road which is two gardens over from them and we do not believe there are any privacy issues to us from our property to their proposed raised patio area. We therefore do not require any additional height to be added to their existing fence or a screen to the side of their patio.

Kind regards,
