18th February 2019

To whom it may concern,

Reference AWDM/0080/19

Further to Courteney and Steven's recent planning application, I can confirm that the application was discussed with us prior to submitting the application.

They have recently erected a 6ft fence on our boundary line and we feel this is more than sufficient in height between us and them.

We do not wish to have any form of screening by way of increasing, what already feels like a high enough fence, nor do we want them to put any screening on their raised patio.

We are more than happy with their original planning application and the intended height of their patio.

Kind regards,

[redacted]
