I am Monica Jackson from 35 parklands avenue next door to Courtlands I sent you an email earlier to say how upset I am about the plans which have been submitted to you

I have just studied them again and have discovered that a classroom is going to be put right next to the north side of my house

So I will be surrounded by school

Could someone please arrange an appointment with me and come out to my house so they can view exactly the position of classroom

There is plenty of room to put the classroom else where

What would you feel if it was your house there has been no consideration at all for residents
