Flag Status: Flagged

Hi Peter

Apologies for the late reply Tony Patching was on Holiday. Everything looks fine to us we can enter at the access point and collect the bins from the front then drive straight out.

Kind regards

Andy

Hi Peter,

Further to your last two emails – refuse, glass spec and material confirmation, please find attached copies of the updated drawings ref:

2.01D – Site Plan

2.03C – Proposed Elevations

I hope this satisfies all of the queries.

Kind Regards

Euan

Hi Euan

Going through the file I have found this consultation response from our Waste Services section which I don't think has ever been replied to. Are you able to provide any more information on waste collection from the site?

Thanks

To: Peter Barnett <peter.barnett@adur-worthing.gov.uk>

Morning Peter,

The details are a bit scant as far as access is concerned and there is nothing on the application form that details collection methods. I assume that the truck will be expected to use the service road that appears on the plans? We would need all the bins to be placed at the edge of the service road for collection on that basis.

Please confirm.

Many thanks

Paul
