For the attention of Mr Gary Peck, Planning Services Manager

Dear Sir,

Re: Single Storey rear extension to incorporate basement staircase:
21 Church Street, Shoreham-by-Sea, West Sussex. BN43 5DQ

As the immediate neighbour and co-owner of the party wall between 19 and 21 Church Street I am writing to say that I am quite happy with the plans for the above building works. Mr. Ogden has assured me that it will be carried out in a sympathetic way and shown me the plans on site.

However, taking into account that our properties are in a Conservation Area, I wonder if your Inspectorate could make sure that his builders make any weight-bearing parts of the structure independent of the 1850's flint and rubble party wall.

Yours faithfully,
