Dear Mr Peter Barnett- I wish to object to yet another plan -re ammended plans and description of 54 Hillrise avenue -why would approval be even considered on a semi detached bungalow with a shared access driveway to excavate yet more of a garden surrounded by neighbours high gardens either side as on a hill --i believe the plans to be much less intrusive if built on flat ground built bungalow--bothv54 and 52 Hillrise have had subsidence issues in the past --i have been waiting for 18mths now (so I've been very patient) for Mr Steele to fix my fence -its finally collapsed down 15ft into his excavated garden -all I ask is for is he continuous re applications are stopped whilst he rectifies-the damage he has caused to my garden -most of local neighbours are totally fazed by crazy amounts of different plans -then when plans approved not abiding by them doing what he wants and going for retrospective--so I believe a total overbuild of little semi detached with shared driveway -many thanks Juli g
