Dear Elaine,

Ref - AWDM/1890/15

We are the residents of 3 Links Road, Peter Thurston and Margaret Oliver, and we would like to put in an appeal against the application of rear extension of 5 Links Road.

If this extension is to be built as detailed then this would mean this would block out our light into the kitchen through both the kitchen door and window.

We are putting forward that the extension is to be smaller than proposed, we feel that the overall depth should be shortened and the height accordingly.

Many Thanks
