Application Comments for AWDM/0135/14

Dear Sirs
Have recently re examined the plans for this extension proposed next door to me and I am concerned about the proposed extension of the height of the roof to bring the hip line to the south of the building in line with the existing roof height. I am concerned that this raising of the roof will seriously affect the light into the rear of my property and as expressed before, the invasion of privacy from the proposed windows
Thank you
Yours
John Charlish

Comments: I am concerned about the proposed windows to the west elevation of the roof of 35 Falcon Close as they will look directly into the garden and upstairs windows of my property next door. I do not object to the development of the hip and gable roof in principal, but am concerned about my loss of privacy from this proposed situation I would be grateful for any comments you may have Thank you
