## **Comments Details**

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	I am writing in support of this application as I believe it is a sensitive development of an appropriate scale for the centre of town. The developer's other work at this location has made a very positive contribution. Previously empty buildings are being renovated with care and attention to high standards, and retaining original features.

Kind regards
