Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	I have heard through word of mouth that there was only one local person who disliked elements of this build. I wholeheartedly felt compelled to make a comment in their defence, of the owner whom I have never met or spoken too. I have only thought the design/ finish of this property has improved the street, elevating it! The design using natural slate and beautiful crafted windows is just stunning! I feel as very local to them in Grand Avenue and I walk past this house daily, what a pleasure it is to see how they have improved this property, and the care to attention to detail using true craftsmanship can be seen.

I hope very much that this matter of approval is granted as they are most deserving of the updates they have added.

Kind regards
