Re: Retention of trellis above garden fence/wall part North boundary (retrospective)
19 North Road Lancing West Sussex BN15 z9AH

I strongly object to the application mentioned above.

I have four young children that spend a lot of time at my mother's house either with me or being looked after by their nana.
My mother is a 64 year old lady & if something were to happen & they needed to use the only exit at the back of the house they couldn't because of the stupidly high add on that has been put up.
This is a massive safety issues for anyone staying or visiting my mother.
There is no reason for this added fence to be there other than the hatred of cats by the man living at number 19.
For human safety alone this is absolutely disgusting & pathetic, I pray that nothing ever happens where that exit would need to be used because we'd all be dead.
Also the law states this fence is way too high & if his only argument is he doesn't like cats in his garden then he needs to honestly get a life.
