Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I object to this planning as it will mean all privacy in my courtyard gone. My elderly disabled wife, who I care for, lives on the ground floor of the property. Her kitchen, washroom and bedroom would all be visible if there was a balcony on the first floor of no. 26. She only has access to the courtyard and this is the only place she will go in the property due to ill health. If there is a balcony on the first floor of next door (no 26) they will be able to see directly down into our garden, they will be very close, will block a lot of light, will create a lot of noise pollution and will significantly affect our privacy.

Kind regards
