YOYUR REF AWDM/1631/15 – PROPOSED DEVELOPMENT BETWEEN 28 & 29 GARDEN CLOSE SHOREHAM-BY-SEA BN43 6BR

We the undersigned hereby object to the proposed application on the following grounds:

1. The proposed development is not in keeping with the area as the design is not consistent with the existing buildings in the area
2. The plot is not level and no mention has been made as to the removal of the trees on the plot
3. The proposed roof is pitched whereas the existing bungalows are at a lower elevation
4. The proposed access to the parking space appears to be directly between the access to numbers 10 and 11 Garden Close which could cause problems, as will the proposed illuminated front
5. There is insufficient parking places at present (especially at evenings and weekends) and a further property in the Close would exacerbate the problem.
