Comments Details

Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:
- Design
- Trees and Landscaping

Comments: We would express our concern as to any detrimental effect excavation on the west elevation of No20 will have on the east side of our garden with regard to the loss of support to our fence and fence posts, together with the support of screening and bushes on No20's side which is in the majority bamboo.
