Hi Jo

Apologies if I didn't get back to you on this, I do recall looking at it previously however.

Well, with the available capacity on roads other than Underdown Road it wouldn't be possible to object on parking capacity grounds. I agree that the manoeuvrability could be tight, but I think it is feasible with small enough vehicles.

Regards,

Adam

Adam,

I refer to your comments dated 5 September 2012 on the above planning application. Please see attached a parking survey undertaken by the applicant. I would be grateful for your views on whether it is satisfactory.

The proposed layout includes 2 parking spaces on the frontage and a parking space at the rear accessed from the drive leading to Clifton Lodge. The space at the rear appears especially

'tight' in terms of manoeuvrability in and out - do you have any views?

Jo Morin
