Dear Mr Porter

I am writing as a resident to object to above application.
I am greatly concerned. That the proposal, if it goes ahead, will further exacerbate the already high levels of light that currently intrude onto my property and in addition my ability to sleep.
Whilst I am sure from the Garage point of View. The illumination of the sign will enhance the appearance of the building. I would ask that during the review process you please take in to account my Concerns and objection. — Thank you.

MRS E. MURRELL
