Dear Mr. Barnett,

I have contacted the client and he has provided me with the following information.

The sheep are currently on land owned by:

Mr. Philip Bower.
Upper Maudlyn Farm
Sopers Lane
[redacted]

The sheep are at the moment grazing on part of the farm known as 'little bowl' on Bostal Road.
They will be moved around different fields of the farm as the grazing dictates, and also into the paddock as treatments for the sheep are required.
The client would like to re-iterate the point that the sheep population in the paddock will vary during the year due to seasonal change, availability of grazing, lambing, required treatments, shearing etc.
Also there is a requirement for the storage of tools and equipment, relating to sheep farming, hence the need for the timber agricultural building.
It has not been possible to obtain a plan of all of Upper Maudlyn Farm, but the owner can be contacted as shown above.
The sheep also graze on part of Upper Maudlyn Farm adjacent to the A27 off of Lambleys Lane, opposite the clients paddock.
A road map detail will be provided to you by hand.

Regards Martin O'Brien
