Dear Ms Hearsey

Re: Planning Application AWDM/1397/18
18 Buckingham Avenue

I am writing further to my letter dated 29th October 2018 in respect of the above Planning Application.

My Son, who also lives at my property, recently returned from holiday and has spoken to the Gentleman next door regarding the above mentioned Application. He spoke about the situation of my guttering on the garage and actually showed the person the problem area. The Gentleman from next door verbally acknowledged that this was a problem and also said that in fact it would not be possible to put their own guttering on the structure in accordance with the Plans. It appears therefore that the Planning Application, using the current Plans submitted, is not viable.

Thanking you for your attention in this matter.

Yours sincerely

Mrs E Forester
