Comments: Application Number Ref AWDM/0709/11, Colepen cottage, east street , lancing- Proposed first floor rear extension Thank you for your letter of 4th October 2011, advising me of the above application. I am replying to strongly object to this application as it contravenes the planning legislation as stated on your website. Having looked at the plans, the height of proposed extension will severely affect the sunlight I will receive into my first floor bedroom , dining room and the amount of sunlight my garden is able to receive, which will not only affect the garden itself but will have a detrimental impact upon my family's enjoyment and the amount of time my children play in the garden, particularly during the summer when we have worked out that the sunlight would be blocked by the proposed extension of the building from around 11am onwards. I have taken photographs of the lack of sunlight already in my garden which will be worsened should planning be granted for the proposed height extension, I also have further photos from the inside which show the lack of light. Please can you inform me that you have received this letter and have logged it as an official objection and keep me informed as to the out-come. Yours sincerely Simon Moore & Karen Rosser
