Hi Amanda,

Thank you for the additional information. There are no adverse EH comments for this application, provided the Use for Outdoor Space Plan is implemented. This should be a condition.

Kind regards

Hi Amanda,

The proposed nursery use has the potential to cause disturbance to local residences by the use of outdoor play and associated activities.

Please can you ask the applicant to confirm the nursery's capacity of children, the number of children that will use the outdoor space at any one time and the hours the outdoor space will be used each day and managed.

Kind regards

Tessa
