Description

Please describe details of the proposed development or works including any change of use

In July 2021 planning permission was given for 3 years for a double classroom temporary block to be sited on the Shoreham Academy site in the service yard. For past 3 years this has been used by students often those with additional needs. The classroom block is still heavily used and the school would like to seek new planning permission for a further five years for the same double classroom block currently being used. There would be no change of use from how it is currently being used. There would be no change to location of the classroom block and no change to the current appearance of the block and area. We would like planning permission for 6 years.

Has the work or change of use already started?

Existing Use

Please describe the current use of the site

Shoreham Academy is 11-18 secondary school and sixth form college. It is used for educational provision with some use of the facilities by the community in evenings and weekends. The double classroom block the school is seeking to extend planning permission for is used for education. Specifically it is used to support students with additional learning and emotional needs as part of the SEN and alternative provision packages the school provides to students. It is not used by the community in the evenings or weekends. Students work with staff in this area often in smaller groups than standard schooling. Classes can start before the regular school day and can go on until 5pm in some circumstances. The majority of school use is between 8.30am and 4pm.
