Comments Details

Comments:	We are concerned about the details of this proposal and would like the opportunity to discuss with Richard Small before making our final comments. The proposed window details appear rather basic and the danger is that they will not look as refined as the original Regency sash windows. The double glazed units will almost certainly look different to the original glass. This is a Grade II* building and attention to small details is important. Please treat this as a "holding" objection until we have had an opportunity to consider it further.

Kind regards
