Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	The back garden of 25 Goldsmith Road backs on to my neighbour's back garden at 18 Sheridan Road. Whilst I appreciate the benefit of solar panels, I do not believe similar structures have been allowed to be placed on outbuildings in the local area. At the end of Sheridan Road and Beaumont Road there is a house with a large number of solar panels on the south facing roof, they are very discreet. My concern is that it will not be in keeping with the other gardens/outbuildings and may set a precedent for others to erect large installations on garages in view of other neighbours. The construction will make a significant change to the current view from my garden, and from

first and second floor bedrooms.

The said property does face south, so there must be a way of installing some solar panels to the front of the property. I am aware of other properties in the area with such installations.

I therefore object to this installation for the reasons given above.

Kind regards
