Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I cannot see the reason for Juliet balcony(s) on the rear of the property this will affect the privacy of the gardens and properties to the rear that it will overlook. I see no reason why these can't be windows, which do not give any option to remove the Juliet balcony glass and use the roof of the extension being built below as a balcony now or in the future.

Kind regards
