| Reasons for comment: | - Privacy Light and Noise |
| Comments: | One of the trees in this application is damaging my property, Flat 3, 120 Portland Road, a Grade II Listed Building. Branches touch the pains of glass in my mother's bedroom window. She is 88 years old and not in good health. She has to spend considerable |

time in her bedroom and is terrified that in storms and high winds, the branches are going to smash through the window. The noise of the branches hitting the windows is considerable and extremely upsetting for her. These branches should have been cut down a couple of years ago, but have been left to get longer, bigger and more dangerous to our property. Please cut them down. They could potentially damage our property and could injure an elderly woman. This situation is urgent. They need doing now please.
