Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	One of the trees in the application hangs over my property and branches touch the bedroom window of my 88year old mother who lives with me. When it is windy there is considerable noise, let alone potential damage if the branches are not removed. I urgently suggest this application is granted. The situation is incredibly stressful for my mother who constantly thinks the branches will break the window of our Grade II listed property and

is upsetting for her as the noise of the branches hitting the pains of glass whenever there are high winds.

Kind regards
