WINDOWS

ALITHERM 400

Combining outstanding value and quality, with class-leading performance and security, Alitherm 400 delivers a range of stylish, energy-efficient window and single and double door options.

- Co-extruded gaskets now available in sashes, outer frames and Smart Quick-Glaze Beads for easier fabrication and faster installation
- Choice of standard, slim line, flush and heritage style sashes
- Tilt Turn window option now available
- Fully compliant with changes to Document L of the building Regulations
- PAS 24:2022 Approved - enhanced security for aluminium windows and doors
- Unrivalled Choice of Colour
- Suitable for Residential and Light Commercial Properties

Fully compliant with Part L of the Building Regulations, this versatile system is perfect for a wide range of both new build and refurbishment projects, including, schools, colleges, hospitals, offices and public sector housing – as well as individual homes. In fact, the system's supreme flexibility makes it the ideal solution for almost any project.

Both window and door systems provide excellent weather and thermal performance and are available in a huge range of colours. Combining elegant aesthetics and outstanding security performance (the system is approved to PAS:24 2022), Alitherm 400 is the ultimate window and door system for architects, developers, fabricators and installers.

ALITHERM 400 WINDOWS

Available in fixed, side hung, top hung, tilt & turn and flush casement options, Alitherm 400 windows deliver excellent thermal and weather performance, as well as the security assurance provided by PAS24 approval.
