Reasons for comment:	- Highway Access and Parking
Comments:	There will not be enough parking on Prince Charles Close if this development goes ahead. The details about available parking on the close is grossly incorrect - if anyone were to come and look at the close they would clearly see that if cars were parked on both sides of many of the suggested spaces there would be no way for a car to drive through the close. Prince Charles Close is not large enough for the suggested extra number of houses. A lengthy build will directly affect residents of the close, with noise and extra traffic from large vehicles that will struggle to fit into the small spaces. Building works will be difficult for children on the close and shift workers who need to sleep in the day.

I strongly oppose the plans.

Kind regards
