Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Highway Access and Parking

Comments: if this is granted the extra vehicles that will park in our narrow road will make it not only dangerous for road users but also very difficult for the people living opposite to gain proper access to their drives.it makes a mockery of the planning rules to build something different to what you applied for.i can not believe that it will be used for storage if it has double glass doors fitted to the side it is more likely to be for recreational use that will lead to more parking in the road.
