Land Adjacent to 5 Ham way Worthing

APPLICATION NUMBER: AWDM/1757/22

PROPOSED DEVELOPMENT OF LAND FOR THE CONSTRUCTION OF 3NO HOUSES AND ASSOCIATED EXTERNAL WORKS

Official request for colour change from Brown to Anthracite.

Finishing of dormer cheeks was originally planned to be in brown during our CGI production we have noted that the chosen colour doesn't work very well at all and the cheeks stand out see image below. We have consulted planning concerning the change of colour to anthracite and have had a favourable communication for the change to anthracite as in the second image, this paper work is to officially request the new colour finish in Anthracite.
