[redacted]

Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
Our concerns for this extension would be that if we wanted to build a further extension above our garage that we have in writing, permission to build prior to no; 39 building their extension. We need reassurance that this would not impact on our future plans to do the same type of build at a future date/ or that if we decided to sell our property that any future buyer would not have an issue regarding planning permission to build the same type of extension. We would let this go ahead providing we can do the same for our property but until we have something in writing from the

council, we will have to object until we have peace of mind about where we stand.
