Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: I object due to the following reasons:

Overlooking and Loss of Privacy

I object to the proposed development because the first floor extension and balcony is directly overlooking the whole of the south facing side of my home and back garden.

From the first floor window and the balcony there will be full view into the master bedroom, my grandchildren's bedroom, the length of my living and dining area and the entirety of my back garden. As a result, I will have lost complete and total privacy both inside my home and in my garden and I strongly object to that.
