Dear Mr Ullah,

**The Curry Place, 112 High Street, Shoreham-by-Sea: Retrospective application for rear extract system (ADC/0029/09)**

I refer to your application for planning permission.

There are concerns about the bright metal finish of the extract system and the visual impact as seen from the rear of neighbouring properties.

Consequently, I should be grateful if you would confirm that you would be agreeable to paint the external surface of the system with a suitable red/brown coloured paint. This would help it to be more in keeping with the building and be less prominent.

Please let me have your reply as to whether you are agreeable to do this.

Yours sincerely,

Keith Morgan
Planning Services Manager
