Dear Sir/Madam,

Re: Application for non-material amendment to Planning Ref. AWDM/0082/16.

Please find enclosed 3 copies of my application for non-material amendment to planning permission AWDM/0082/16 for single storey rear extension to East elevation

We would like to install a slot window on the South elevation of the new extension to allow more light into the new extension and break-up the large area of brickwork. We have reduced the bi-fold door width from 3.5m to 3m so will not be adding any more glazed area to the extension. The proposed window will be 2070mm x 450mm high with the sill height at 1650mm from internal FFL.

As can be seen from the attached photos the neighbours property (No. 18) is lower than the new extension so we would not be over looking any of their windows, also the new window is in line with the neighbours extension (blank wall).

Please do not hesitate to contact me if you require any further information

Yours faithfully,

[redacted]

Neil Grover
