Commenter Type:	Member of the Public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise - Trees and Landscaping
Comments:	My concern to the proposed refurbishment , is the amount of increased noise and exhaust pollution due to the motorbikes. It is already very noisy pretty much 7 days a week and now due to the new proposed workshop the volume will be increased again, what provision may be put in place to help with this?? Also we have noticed that the hedge row has been cut back on the unit side , which has upset the residents greatly as it was actively helping with the noise control , we do not want any more

to be cut down as this contains lots of wildlife within it and they will be impacted greatly.There are many species of birds nesting in this hedge , and also many other wild animals sleeping within the grasses below. Please take the natural noise buffer and beautiful hedge row into account .
Many Thanks

Kind regards
