PLANNING SERVICES

34 Upper Kingston Lane
Southwick
Sussex

6th July 2020.

Dear Sirs.

Ref. AWDM/0920/20

I have recently received a letter dated 24th relating to 32 Upper Kingston Lane, Southwick.

On viewing the application we would like to comment on the following

Firstly this relates to the adjoining wall, we have asked the proposed buyers that this wall be in the same brickwork as our property, not rendered.

Secondly relating to the skylight on the extension we assume this will not exceed the maximum height of 3 metres (neighbours have 2 and they are over 2 feet in height) The extension shows being built under eves 2 bricks down.

Should any structual amendments to the plan be made would we be advised.

Finally the response we received to our initial queries from Benjamin Marshall were excellent, please convey our sincere thanks.
