Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);

Analysis: The ground cover by extension(s) will not exceed 50% of the total area of curtilage.

c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;

Analysis: The height of the proposed side extension does not exceed the height of the highest part of the roof of the existing dwellinghouse.

d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;

Analysis: The height of the eaves of the proposed side extension does not exceed the height of the eaves of the existing dwellinghouse.

e) the enlarged part of the dwellinghouse would extend beyond a wall which:
i) forms the principal elevation of the original dwellinghouse; or
ii) fronts a highway and forms a side elevation of the original dwellinghouse;

Analysis: The proposed extension does not extend beyond a wall that forms the principal elevation of the original dwelling house or fronts a highway and forms a side elevation of the original dwellinghouse.

f) subject to paragraph g) the enlarged part of the dwellinghouse would have a single storey and-
i) extend beyond the rear wall of the original dwellinghouse by more than 4m in the case of a detached dwellinghouse, or 3m in the case of any other dwellinghouse, or

Analysis: The proposed extension is to the side and does not extend beyond the rear wall of the original dwellinghouse. The proposed side extension does not exceed 4m in height.

g) for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and-
i) extend beyond the rear wall of the original dwellinghouse by more than 8 m in the case of a detached dwellinghouse, or 6m in the case of any other dwellinghouse, or

h) the enlarged part of the dwellinghouse would have more than a single storey and-
i) extend beyond the rear wall of the original dwellinghouse by more than 3m, or

ii) be within 7 m of any boundary of the curtilage of the dwellinghouse being enlarged which is opposite the rear wall of that dwellinghouse;

Analysis: The proposed extension will not be more than a single storey and is to the side, therefore i) and ii) do not need to be considered.

i) the enlarged part of the dwellinghouse would be within 2m of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3m;

Analysis: The proposed extension will be within 2m of the boundary but the height of the eaves does not exceed 3m in height.

Analysis: The proposed extension is to the side and does not exceed 4m in height, is only single storey and does not have a width greater than half the width of the original dwellinghouse. It is not joined to any other enlargement.

k) it would consist of or include-
i) the construction or provision of a verandah, balcony or raised platform,
ii) the installation, alteration or replacement of a microwave antenna,
iii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or
