Dear Sir/madam,

Acknowledged
07 JUL 2009

Please find enclosed a planning application.
I would urge you to study the enclosed photo which was taken 20 1/2 years ago.
All I have done is changed the front to glass and sliding doors, the sides and roof are the same, My neighbour doesn't complain when the original structure went up so why are my complaining now, I am under the impression I do not need permission as this is only tidy and clean up. Thankyou for taking time to read this, yours sincerely
